A motion was made and unanimously approved to accept the minutes of the October 11, 2007, meeting.

SWVMHI

The motion was made and passed to go into Closed Session pursuant to Virginia Code §2.2-3711.A.(4) and (15), for the protection of privacy of individuals in personal matters not related to public business and to review medical records, namely to conduct a review pursuant to the regulations.

Upon reconvening in public session, the Local Human Rights Committee unanimously certified that only public business matters lawfully exempt from statutory open meeting requirements, and only public business matters identified in the motion to convene the Closed Session were discussed in the Closed Session.

The following reports, including client-identifying information, were heard and actions taken:

BARRIERS TO DISCHARGE REPORT (Closed Session)

DIRECTOR’S ISSUES (Open Session)

Dr. Cynthia McClaskey updated the Committee on the following issues:

- The facility has been experiencing an increase in seclusion and restraint incidents.
- Roy Layne, Assistant Director, Administrative, is on short term disability. Mr. Layne’s position cannot be filled until the end of his short-term disability period.
- Family Day at the facility was a huge success. Keynote addresses were given by two consumers, there were two clubhouse choruses who sang, and several pets were on site which the patients loved.
- Dr. McClaskey is celebrating her 20\textsuperscript{th} year at SWVMHI this year.
- Commitment criteria for the Commonwealth should be loosened in the upcoming legislative session. It is expected that the word “imminent danger” be changed to only “danger.”
- The new Special Justices at the facility want an independent evaluation completed for each patient prior to their commitment hearing.
- The facility has been smoke free since October 10, 2007, and the transition has gone well.
